

WATERFRONT POLICIES  
AND FEES FOR 2019

Mooring Assignments

Six to ten moorings will not be assigned; they will be maintained for visiting yachtsmen. Moorings will be assigned to members based on the following criteria and in this priority:

1. Membership dues paid by March 1<sup>st</sup>, 2019
2. Had a mooring for the prior season
3. If no mooring for prior season, then assigned based on club seniority as listed in roster
4. Moorings of the requested size will be assigned as above if available; otherwise the next larger size will be assigned and charged.
5. Moorings will be assigned within each mooring classification with the major factors being member's seniority and the need to group by size and type of boat. **Mooring assignments may be cancelled and fees refunded prior to June 1<sup>st</sup>, after which no refunds will be made.**
6. Only one mooring per membership will be initially assigned. Requests for second moorings will be honored if moorings are available. (Mooring fees for second moorings will be refunded if second mooring not available)

Dinghies

Dinghies and inflatables under 15' in length may be left on the west side of the inboard floats only. Space is limited; therefore members are requested not to leave dinghies there for extended periods of time during the season, unless the dinghies are used regularly.

Dinghies, other than the inflatable type, must have soft rub rails to prevent damage to other dinghies.

All dinghies left at the floats will be identifiable by a name or registration number on the dinghy and registered with the Head Steward.
